About Me

I'm Marjan and I have been working with children for 16 years. I moved to Mountain Park in 2001 with my husband, Homey, and our two kids from Iran. My oldest son, Ashkan, is in finance and my youngest, Khashi, is in chiropractic school. I love being around kids because they are so fun and keep me young. Some of my hobbies include cooking, shopping and spending time with my wonderful family.
