

Transfer of Rights Information

If you are planning to lease out your Mt. Park property please read this information.

Before lessees of private residences (houses and condominiums/townhouses) may use the clubhouse and other common area facilities, a Transfer of Rights form is to be submitted by the property owner. If you have an agent, you will first need to complete a Transfer of Rights form authorizing them to act on your behalf. Please be sure to include the Primary Tenant(s) (those legally responsible on the tenant/landlord agreement), and all others living in the residence, as only those who are listed on the Transfer of Rights may access the facilities.

Each property in Mountain Park has one “right of enjoyment” which authorizes the holder of the right to use the clubhouse and other common area facilities. When a home, condo or townhome is leased, the owner can retain the rights of enjoyment and continue to use the facilities, or transfer the rights to the Primary Tenant(s). If the clubhouse does not receive a completed Transfer of Rights form, it is presumed that the right has not been transferred and the lessees residing at the property will not be granted access. Once a Transfer of Rights form is on file, lessees need only register at the clubhouse to receive a ClubCard, and can enjoy the facilities.

Transfer of Rights

Please list the names of all persons (including children) residing at the property. We can only admit to the clubhouse those people who are listed by the homeowner or agent, and provide the appropriate identification as outlined in the Clubhouse Membership Policy.
