

October 8, 2021

Dear Resident,

The City of Lake Oswego's Engineering Department is planning to repair and update the mid-block pedestrian crosswalk across Del Prado Road between Botticelli Road and Da Vinci Road. The project includes removing and replacing the existing crosswalk, curbs, ramps, asphalt, curb ramps, signs, and installing a new stormwater catch basin, pipe and pavement markings.

Construction is scheduled to begin the week of October 11, 2021 and be complete in late 2021. This schedule is subject to change as conditions and weather can be somewhat unpredictable.

What to expect:

- Work hours are Monday to Friday, 7 a.m. – 6 p.m.
- Intermittent lane closures will be in place with flaggers directing traffic. Please expect some delays during work hours.
- Access will be maintained throughout construction; however, at times some on-street parking will be limited.
- At times, the pathway will be closed for demo and construction activities
- Equipment and materials will be stored in the public right-of-way (during and after work hours) and within work zones.
- Construction can be loud, dusty, and cause traffic delays. Working equipment includes truck traffic, excavators, compactors, steel plates and other heavy equipment.

Thank you for your patience while we make these improvements on your street. If you have any questions or concerns, please feel free to contact me at jmoncada@ci.oswego.or.us or 503-635-0261 or visit www.lakeoswego.city/engineering/del-prado-pedestrian-improvements.

Sincerely,

Javier Moncada, P.E.
Project Manager
