ALYSSA IMAMURA

About Me

I'm Alyssa and I have been working with kids for 6 years. I started by working at the Mountain Park Summer Camp and eventually came over to the Playschool. I am a former art school major and love to incorporate as much creativity in the classroom as possible!

A fun fact about me is that I had brain surgery at 22!

My hobbies include drawing, watching scary movies, playing video games, and hanging out with my two rambunctious kittens, Bo and Coop. I speak Japanese and love going to karaoke.

My favorite part of working with kids is how much they make me laugh throughout the day. Being able to spend all day playing with kids and teaching them is super rewarding!
