

Experience

I've worked at The Playschool for about 4 years total. I worked as a floater until 2022 where I was moved to the toddler room as a lead teacher. Prior to The Playschool, I worked at the Boys & Girls Club as a site lead.

All about me

My name is Andy and I'm 27 years old. I've lived in the Portland area all my life. I'm a very family-oriented person and I love to spend time with my brother and sister. We've just added a new puppy to our family, so when I'm not at work my time will be taken up with her. I love my job and love to be a positive male figure for those kiddos.
