SWIM LEVEL PLACEMENT

Our swimming lessons are grouped based on age, but we recognize that not all students of a similar age will also be of a similar skill level when it comes to swimming. On the first week of swim lessons, all students will be assessed by the Aquatics staff to determine their capabilities and swim level. Once assessed, students will be divided into two classes, Standard and Advanced.

Standard

Standard level classes will focus on the fundamentals for their age group. The specific skills taught in Standard will vary based on age group as something that is Standard for a School Age child may be Advanced for a Pre-School age child. Here are some examples of Standard skills for each age group:

- **Pre-School**— Back floats (stationary), rolling over in the water, putting eyes in the water, kicking, independence in the water, Jumping and returning to ledge
- **School Age**— Back kick glides, face in kick glides, freestyle arms, freestyle with front breaths, treading water
- **Club Swim**—Freestyle with side breaths (unilateral), backstroke, treading water, building endurance to swim 25-50 yards non-stop

Advanced

Advanced classes will focus on skills that are more difficult for the age group and require a stronger baseline skill set. Just like for Standard classes, the skills considered Advanced will vary by age group. Here are some examples of Advanced skills by age group:

- **Pre-School**—Freestyle Arms, ring dives to 3.5' deep, back kick glides
- **School Age**—Freestyle with side breaths, backstroke, elementary backstroke, treading water in deep water, comfort in deep water
- **Club Swim**—Freestyle with bilateral breathing, breaststroke, butterfly, diving (ground level) in deep water

LEVELING UP

Your child will move up based on their mastery of the skills being taught. Sometimes this will be mid-session, as space allows. Instructors and the aquatics coordinator will monitor your child's progress and are happy to answer any questions you have.

If lessons need to be cancelled by the Aquatics Department due to pool contamination, inclement weather, instructor illness, or any other emergency situations, then the Aquatics Program will offer and schedule one make-up class option at the end of the session.

Group Lesson Cancellation Policy
